Ellicott City, MD – Enjoy an afternoon with Kinetics Dance Theatre discovering ways to create art from found objects! For more than 40 years, the world has been emphasizing support of Earth Day and its ideas. In order to have a green planet, we need to be sensitive to renew, reuse, recycle and recover.

On Sunday, March 21, 2010, Kinetics Dance Theatre takes a provocative look at four recyclable materials (paper, glass, metal and plastic) by fusing costume design and dance in some traditional and innovative ways in its comical and thoughtful work, **Trash Suite**. Participants in this fun and exciting program will explore artistic uses of post-consumer materials through multi-cultural music, humor, dance and costuming. With an eye on revealing intrinsic value on materials, trash becomes treasure! An arts and craft activity will precede the performance in which audience members will enjoy making an origami animal and a musical rhythm instrument out of recycled materials.

Call 410-480-1686 for advance ticket reservation and information. Kinetics Dance Theatre is located at 3280 Pine Orchard Lane, Ellicott City, MD 21042. You can also visit us on the web at www.kineticsdance.org.
